From the Principal

NAPLAN
First off a huge congratulation to all the students that sat NAPLAN this year. They tackled the 3 days with a positive attitude and applied themselves to the task. Also a big thank you to all staff members that helped ensure the 3 days ran smoothly with minimal disruption.

Gymnastics
Next week the school begins the 5 week gymnastics program. The school is covering all the costs involved with the 5 week program and I am sure the students will have a fun and challenging time develop their gymnastics skills.

Multicultural day
Next Thursday there is a multicultural day at Brocklesby Public School. The day will start with a performance and then by followed up with a range of cultural activities that range from traditional African games, to role play and arts and craft. It promises to be a great day.

Network Sport
It is a busy fortnight for various Small Schools Network sporting activities. There are training sessions for the PSSA knockout teams in both netball and football. There is also a Paul Kelly Cup squad of Year 5&6 boys playing in a 12 a side competition.

Grip Leadership
Students in Year 6 have the opportunity to enhance their leadership potential by attending the 2015 Albury Grip Leadership conference. The experience also allows students to socialise and build connections with students from a variety of schools and backgrounds.

Regards, Sean Scott
Assembly Awards

Term 2 Week 4

Kinder to Year 2 Award
Hannah Lieschke - For developing her addition strategies

Year 3 to 6 Awards
Tom Lieschke - For writing an amazing sizzling start.
Olivia Lieschke - For developing as a learner in all areas.

Principal’s Award
Nathan Wardius
Students from Walbundrie Public School had the privilege to participate in a Japanese drumming workshop. They learnt drumming techniques along with some Japanese language and culture.
Our school is thrilled to be involved in this year’s Creative Catchment Kids (CCK) program. This year, the following students Charlie Seidel and Zoe Lieschke will represent our school. At a recent workshop the students were involved in a tutorial on how to develop a school reader based on a Local Land Hero who is managing a pest species in our region. As well as completing a book this year, the CCK team will be involved in a field trip. The Creative Catchment Kids program is an initiative of Wirraminna Environmental Education Centre, at Burrumbuttock and is supported by the Murray Local Land Services.
