From the Principal

Future Leaders Camp
On Sunday the 14th of June students will attend the Future Leaders Camp. This is a fantastic opportunity for our school leaders as student leadership is recognised as an important aspect of childhood development. Allowing students to experience and take a lead in decision making, problem solving and collaborative projects helps them develop skills that will stay with them into adulthood.

Gymnastics
The gymnastics program wraps up on the 18th of June. The students have thoroughly enjoyed the program at Fly Away Gymnastics and there have been many laughs along the way. It has been a worthwhile program with the students able to utilise many different gymnastics apparatus that they would never be able to use at school.

Murray Conservatorium
On Tuesday we were fortunate enough to have musicians from the Murray Conservatorium visit our school and conduct a performance and workshop with the students.

PSSA Netball & Tony Lockett Shield
Our Small Schools netballers kicked off their involvement in the PSSA netball knocked on Friday the 29th of May. They had outstanding results on the day winning both their games convincingly. This moved them into the third round of the PSSA knockout competition and we are still waiting to find out who and where they play. The boys football knockout starts on the 25th of June at the Tony Lockett Shield in Holbrook.

SR PSSA Athletics
Students from Walbundrie Public School once again represented themselves with distinction at the SR PSSA Athletics. Congratulations to them all and well done to Nathan for making it into the Riverina squad in long jump.

Good Luck Emma
Finally a massive good luck to Emma as she competes at the Riverina Cross Country!!!!

Regards,  Sean Scott
Assembly Awards

Term 2 Week 8

Kinder to Year 2 Award
